”أصمم للأجيال القادمة“

WAEL ALSHARAWNEH

Architect | Interior Design

Accomplished architect and interior designer with a proven track record in delivering innovative designs for residential and commercial spaces in Saudi Arabia. I bring a blend of creativity, technical expertise, and a client-centered approach to every project, ensuring a harmonious balance of form and function.

Education History

- Bachelor in Architecture
University of Kent, United Kingdom
2018 - 2021
- Foundation Year: Business
Into Manchester, United Kingdom
2017 - 2018

Work Experience

Architect & Interior Designer
Nawaf Ahmed AL - Zahrani office for civil engineering.
2022 - Present

- Space Planning: Analyzed client requirements for functional and efficient floor plans, ensuring optimal utilization.
- Concept Development: Crafted creative design concepts while navigating regulatory parameters. (2D and 3D)
- Detailed Drawings: Prepared accurate architectural drawings, a cornerstone for construction execution.
- Material Selection: Conducted comprehensive research to select materials and finishes, aligning with client preferences.
- Client Communication: Established robust communication channels, actively engaging clients throughout the design process.

Software

- Autodesk Applications:**
Revit, Autocad and 3DS max
- Rendering:**
Twinmotion, Vray render
- Other Applications:**
Rhino, Microsoft office, Procreate and Photoshop.

Engineering License

804849
Saudi Council of Engineers
Membership

Architect

Aba3ad of creativity dimensions
2021 - 2022

- Engaging in space planning by analyzing client needs to create efficient floor plans that optimize space utilization.
- Developing imaginative design concepts within regulatory boundaries, utilizing both 2D and 3D platforms.
- Creating precise architectural drawings, essential for the execution of construction projects.

Skills

- Architectural Design:**
 - innovative architectural designs integrating functionality, aesthetics, and compliance with regulatory standards.
 - Deep understanding of architectural principles, emphasizing space planning and layout efficiency.
- Software Proficiency:**
 - Professional in Autodesk applications (Revit, AutoCAD, 3DS Max) for comprehensive architectural modeling.
 - Advanced rendering abilities with Twinmotion and Vray Render, enhancing design presentations.
 - Skilled in Rhino for intricate 3D modeling and Microsoft Office for detailed project documentation.
- Design Conceptualization:**
 - Proven track record in developing original design concepts that effectively embody client aspirations.
 - Experienced in crafting mood boards, color schemes, and material selections for sophisticated design proposals.
- Technical Drawing and Documentation:**
 - Proficient in creating accurate architectural drawings (plans, elevations, sections).
 - Effective selection and application of materials, finishes, and textures to meet project specifications and client desires.
- Client Communication:**
 - Good communication skills, fostering strong client relationships.
 - Attentive to client requirements, ensuring consistent updates and proactive problem-solving.
- Professional Development:**
 - Committed to ongoing professional enhancement, keeping pace with architectural trends and technological advancements.

MY STORY

“I Design with a Vision for Future Generations, Creating Sustainable and Innovative Solutions that Stand the Test of Time”

I specialize in providing comprehensive architectural and interior design solutions tailored to meet the unique needs of each client. From architectural design to interior design, I offer a full range of services to ensure every project is executed to the highest standards. With extensive experience and a commitment to excellence, I provide personalized and professional supervision and communication throughout the entire process.

أختص بتقديم حلول شاملة في الهندسة المعمارية والتصميم الداخلي لتلبية الاحتياجات الفريدة لكل عميل. من التصميم المعماري إلى التصميم الداخلي، أقدم مجموعة كاملة من الخدمات لضمان تفويت كل مشروع بأعلى المعايير مع خبرة واسعة والتزام بالتميز، أقدم إشراكاً شخصياً واحتراماً وتوافقاً مستمراً طوال العملية بأكملها.

The background image shows a modern, multi-story apartment building at night. The building has a dark facade with numerous windows, some of which are lit from within. The roofline features a series of overhanging eaves with built-in lighting. The overall atmosphere is architectural and contemporary.

MY GOALS

أهدافي

MY MESSAGE

I strive to help create a caring environment that values people's well-being. I aim to make meaningful contributions to my community. In each project I complete, I try to design it in a way that helps build a better life and lasting memories for future generations.

أسعى إلى تقديم مساحات ذات مفهوى مجتمعي كل مشروع أكمله اليوم أسعى فيه أن يساعد في بناء حياة أفضل وذكريات دائمة للأجيال القادمة.

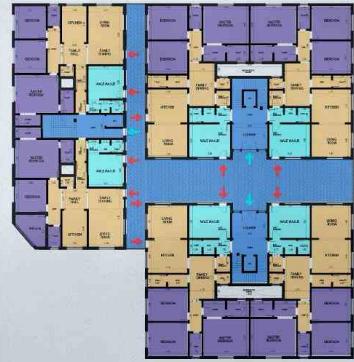

MY GOALS أهدافي

Having gained extensive experience in providing services, I strive to deliver designs that are innovative, unique, and meet the needs of my clients. In my projects, I always prioritize my clients and ensure they are completely satisfied with the services provided, achieved through effective communication skills. My reputation depends on the quality of what I provide and the care I take with my customers.

بعد أن اكتسبت ديرة واسعة هي تقديم الخدمات، أسعى جاهدًا لتقديم تصاميم مبتكرة وفريدة من نوعها وتلبي احتياجات عملائي في مشاريعي، أضع عملاً على رأس أولوياتي وأتأكد من أنهم راضين تماماً عن الخدمات المقدمة، والتي تتحقق من خلال مهارات الاتصال الفعالة. تتحدى سمعتي على جودة ما أقدمه والعنابة التي أولنها لعملائي.

SA RESIDENTIAL COMPLEX

SA Residence, an innovative residential building, redefines living spaces by seamlessly connecting residential flats and creating an environment that resembles a villa. The covered common areas transform the living experience, making each flat feel distinctively luxurious, fostering a sense of being on the ground floor throughout.

APPLICATIONS

البرامج

APPLICATIONS البرامج

As an architect and interior designer, I use a range of advanced software to deliver high-quality designs. My expertise includes AutoCAD, Revit, SketchUp, Adobe Creative Suite, 3ds Max, V-Ray, Twinmotion, Procreate, and the MS Office Suite.

بصفتي مهندس معماري ومصمم داخلي، أستخدم مجموعة من البرامج المتقدمة لتقديم تصاميم عالية الجودة. تشمل خبراتي Adobe Creative SketchUp Revit AutoCAD .MS Office Suite Procreate Twinmotion V-Ray 3ds Max Suite

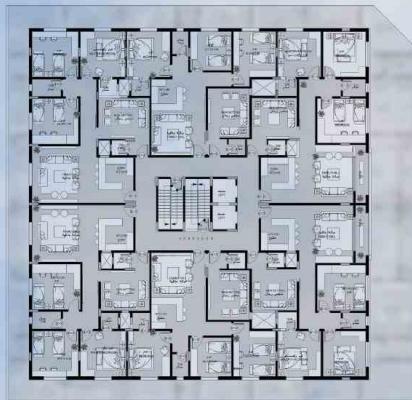

APPLICATIONS USED

1. AutoCAD - For 2D and 3D drafting and design.
2. Revit - For Building Information Modeling (BIM).
3. SketchUp - For 3D modeling and visualization.
4. Adobe Creative Suite (Photoshop, Illustrator, InDesign) - For creating presentations and visual content.
5. 3ds Max - for advanced 3D modeling and rendering.
6. Rhino - For complex 3D modeling.
7. V-Ray - For photorealistic rendering.
8. Twinmotion - For real-time 3D visualization and immersive experiences.
9. Procreate - For sketching and conceptual design (iPad).
10. MS Office Suite (Word, Excel, PowerPoint) - For documentation and presentations.

RESIDENTIAL BUILDING

We introduced a fresh approach to residential living, blending individual flats seamlessly to evoke the ambience of a villa. Enclosed common areas elevate the living experience, offering each flat a distinct touch of luxury.

SALAMA COOLING EXPERTS WAREHOUSE

The design is the result of meticulous organization and a comprehensive zoning strategy. Each area, such as the Retail and Employees Zone, Working Zone, Complimentary Work Area Zone, Land Clear Zone for effortless transportation and movement, has been carefully defined. This arrangement, based on strategic planning, aims to optimize space utilization, promote a smooth workflow, and elevate the overall quality of the environment. Every zone is purposefully designed to ensure efficiency, functionality, and an attractive visual appeal. This deliberate approach not only maximizes the utility of the space but also cultivates an atmosphere that encourages productivity and innovation, ultimately enhancing the experience for its occupants.

Here are some of the clients for whom I have individually completed projects as an architect or interior designer at the firm.

إليكم بعض العملاء الذين قمت بإتمام مشاريعهم بشكل فردي كمهندس معماري أو مصمم داخلي في الشركة.

TOWN VILLAGE DUPLIX

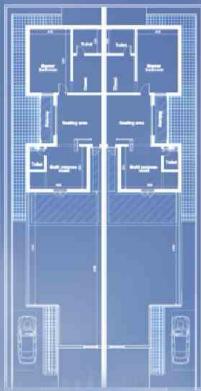

My vision for this duplex is to create a harmonious blend of spaciousness, privacy, and practicality. Picture two attached homes, each with its own unique character, yet seamlessly connected. Generous living areas invite family gatherings, while multiple bedrooms provide individual sanctuaries. Separate entrances ensure privacy, allowing family members to come and go without disruption. Inspired by traditional Saudi architectural elements, I've crafted majlis-style sitting areas for cozy conversations and modern kitchens that cater to family needs. This duplex isn't just a dwelling; it's a canvas for cherished memories.

MYVISION

رؤيتي

MY VISION

رؤيتي

"I aim to introduce innovation, efficiency, value, and performance into each of my designs, and to develop lasting relationships with my clients based on trust, communication, and quality engineering services."

"أسعى لإدخال الابتكار والكفاءة والقيمة والأداء في كل تصميماتي، وبناء علاقات دائمة مع عملائي تستند إلى الثقة والتواصل وجودة الخدمات الهندسية."

POET HOUSE

It's wonderful for me to reflect on my designing to this poet's house. With a visionary approach, I aimed to create spaces that would inspire him during his creative process. As one of the most renowned poets in the eastern province of Arabia, his voice deserved an environment that resonated with his artistry. My design seamlessly blended functionality with aesthetics, resulting in a space that not only facilitated his work but also stood as a testament to my successful design.
